

The Islanders

We are dedicated to providing good clean sounds with close harmonies and a cross selection of all music styles. We formed initially as a show vocal act for Whittlesey fund raising events. The success of the shows and request for follow up appearances has resulted in the team staying together with many more events planned throughout the year.

Our current line up consists of a combination of the following:-

Lead and backing vocals and Hand Percussion – Diane, Simmi and Graham

Acoustic/Lead Guitar and lead/backing vocals/instrumentals – Steve

Keyboards/Rhythm/Acoustic Guitar and lead/backing vocals - Dave

Diane Black - Former Country Soloist – She provides great country & rock vocals from tracks as diverse as Knopfler and Christie Moore.

Simmi Dee - Former Lead vocalist with Wishful Thinking and Solo performer. Her voice provides the "smooth" and silky tones for both lead and backing.

Graham Moores - Our own Buble/Sinatra soloist - From Take That to swing and great backing vocals.

We combine all the voices for split harmonies and are in for a year of developing styles, though we will still be doing both chart covers and our old favorites.

Our newest member, **Steve Gibbs** is a guitarist and vocalist performing lead and acoustic solos as well as his own original and cover acoustic compositions.

As for me **Dave Bailey**, I like to switch between the guitar & keyboard.

Fender Acoustasonic and Roland BK3 backing Keyboard through Roland AC60 and Roland KC350, with some odd pedals thrown in occasionally.

For bookings and availability contact Dave on 07746195135 or see our web site
